

11 January 2010

Dear Alan

I would just like to share my absolute pleasure in both dealing with New Era Languages as well as the results achieved using your language products.

My son, Keanu moved primary schools in Grade 3 to Kings School Linbro Park and as a result had not learnt any Zulu which became one of his subjects in the middle of grade 3. As Keanu was already a year and a half behind his class mates for the Zulu curriculum, we purchased the Zulu language course from you for him to be able to learn at home and attempt to catch up.

I would like to inform you that for the past two years, Grade 4 and Grade 5, Keanu has achieved top marks for Zulu and has come first in his class for the Grade 5 year. During this time his marks went from 19% to 98%.

Many thanks once again, for wonderful service and a fantastic product.

Regards
Bev Morgan
